| DENTAL WELLNESS CAMP |

DATE: July 10, 2021

VENUE: DR AMBEDKAR SCOUT GROUP OFFICE

The dental wellness camp was conducted by our Dr Ambedkar scout group on 4th July 2021. The camp was a huge success despite the covid-19 pandemic. It was to create awareness on the dental hygiene among people and students. There were around 75 people who have participated in the camp. The chief doctor for the camp is Dr Girija.

So first the people were given token number and made them seated outside. Based on their numbers they were called for the examination. Then the doctor clearly explained them the importance dental hygiene. The recommendations are as follows. First of all, she explained the importance of brushing twice. Second, she advised us to avoid sugar and caffeine products. Third she strongly told the adults to stop using tobacco products which is enemy for the teeth. Then generally she asked us to avoid soft drinks which will also cause many problems.

Then the following recommendations are given to keep our teeth healthy. Drink milk and consume calcium rich foods in our diet. Also, the importance eating green leafy vegetables often.

All these insights were really needed for us everyone to keep the dental hygiene. Finally, we took a group picture with the doctors who made this camp a huge success.
